

Minor Subdivision Plat Checklist

This checklist is provided as a starting point for plan preparation for developers and their consultants. It is not intended as a complete list of all information that the Development Review Committee (DRC) may need in order to review a set of plans. Each site is unique, and there may be additional information that the professional land surveyor should provide or the DRC may request.

General Information
Title Block with subdivision name, label of "Minor Plat", date, and revisions
Property owner's name, address and contact information
Professional land surveyor's name, address, contact information, seal & signature
Parcel identification number
Vicinity map that clearly shows the project location
North arrow
Graphic scale (1"= 100')
Sheet size of 18" X 24"
Area of subdivision in square feet or acres
Total number of proposed lots
Area of each lot in square feet
Adjacent property owners' names
Lot numbers and assigned addresses
Bearings and exact lineal distances of all property and lot boundaries
Location of control corners
Building setbacks from property lines
Arterial setback (if applicable)
Zoning district (with conditional uses if applicable)
Location and width of all easements and rights-of-way
Existing structures, parking lots, loading areas, & driveways (if applicable)
Traffic & Transportation
Location and name of all public and private streets
Traffic control signs purchased & installed (if applicable)
Grading, Drainage & Stormwater
<u>Grading, Drainage & Stormwater</u> Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers)
Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers)
Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers)Location and elevation of 100-year flood plain boundary (if applicable)
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities Existing utilities (water, sewer, gas & electric)
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance)
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material)
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Wtilities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material) Proposed water main extension & fire hydrant(s) (location, size, & material) (if applicable)
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material) Proposed water main extension & fire hydrant(s) (location, size, & material) (if applicable) Proposed sanitary sewer service (location, size, & material) and cleanouts
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Willities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material) Proposed water main extension & fire hydrant(s) (location, size, & material) (if applicable) Proposed sanitary sewer service (location, size, & material) and cleanouts Proposed sanitary sewer main extension (location, size, & material) (if applicable)
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material) Proposed water main extension & fire hydrant(s) (location, size, & material) (if applicable) Proposed sanitary sewer service (location, size, & material) and cleanouts
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Willities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material) Proposed water main extension & fire hydrant(s) (location, size, & material) (if applicable) Proposed sanitary sewer service (location, size, & material) and cleanouts Proposed sanitary sewer main extension (location, size, & material) (if applicable) County health department certification (if applicable)
Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material) Proposed water main extension & fire hydrant(s) (location, size, & material) (if applicable) Proposed sanitary sewer service (location, size, & material) and cleanouts Proposed sanitary sewer main extension (location, size, & material) (if applicable) County health department certification (if applicable) Standard Certifications
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material) Proposed water main extension & fire hydrant(s) (location, size, & material) (if applicable) Proposed sanitary sewer service (location, size, & material) and cleanouts Proposed sanitary sewer main extension (location, size, & material) (if applicable) County health department certification (if applicable) Standard Certifications Surveyor's certification of plat preparation & accuracy
Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material) Proposed water main extension & fire hydrant(s) (location, size, & material) (if applicable) Proposed sanitary sewer service (location, size, & material) and cleanouts Proposed sanitary sewer main extension (location, size, & material) (if applicable) County health department certification (if applicable) Standard Certifications Surveyor's certification of plat preparation & accuracy Property owner's certification & dedication
 Existing pipe systems & drainage courses (including Tar-Pamlico riparian buffers) Location and elevation of 100-year flood plain boundary (if applicable) Location of floodway boundary (if applicable) 5' drainage & utility easement around the perimeter of each lot Utilities Existing utilities (water, sewer, gas & electric) (Contact City Gas Division at 252/467-4827 & City Electric Division at 252/467-4808 for assistance) Proposed water service (location, size & material) Proposed water main extension & fire hydrant(s) (location, size, & material) (if applicable) Proposed sanitary sewer service (location, size, & material) and cleanouts Proposed sanitary sewer main extension (location, size, & material) (if applicable) County health department certification (if applicable) Standard Certifications Surveyor's certification of plat preparation & accuracy
