Question and Answers:

1. **Question: What work and areas are included?**
Answer: Please refer to page 10, 5.2A for specifications and pages 18 & 19 for corresponding map.
2. **Question: How are invasive species to be treated?**
Answer: Please refer to *NCDOT Invasive Plants of North Carolina (2008)*. This must be followed. https://www.se-eppc.org/northcarolina/NCDOT_Invasive_Exotic_Plants.pdf
3. **Question: Will future management of invasive species be continued?**
Answer: Yes, as prescribed by *NCDOT Invasive Plants of North Carolina (2008)*, however this is not included in the current project / bid.
4. **Question: Is a bid bond required?**
Answer: No
5. **Question: Can mechanized equipment be used to cut vegetation?**
Answer: Cut work must be performed using hand tools or hand operated power tools.
6. **Question: Can multiple invoices be submitted as work is completed?**
Answer: Yes. Work should be invoiced in the same format as *Attachment A: Pricing Form* (page 13). This must be accompanied with a brief description of the work completed and a copy of the herbicide label used.
7. **Question: Has NCDEQ approved work in the riparian zone?**
Answer: Yes, as prescribed by page 10, 5.2A. This must be carefully understood and followed.

***Additional comments**

Attachment B, page 14 should read exactly the same as page 10, 2.5 B *Special Instructions to Bidders*. Contractors are strongly urged to visit the park once the water has dropped to access all areas of the riverbank. The quantity and type of invasive species present varies greatly. **Contractors are solely responsible for the proper identification, treatment technique, and herbicide selection and application as prescribed by *NCDOT Invasive Plants of North Carolina (2008)*. This is non-negotiable.**
