“All bidders are hereby notified that they must have the proper license as required under the North Carolina laws. All prospective contractors shall be responsible for complying with state law and local ordinances.”

I. PROJECT DESCRIPTION

The City of Rocky Mount is requesting statements of qualifications from professional design firms licensed in the State of North Carolina to provide engineering, architectural, and/or consulting services related to the development of the Ward Five Park Plan.

II. OBJECTIVE OF THE REQUEST

The purpose of this RFQu is to select the firm determined to be best able to provide the required Professional Architectural Engineering Services based on the criteria specified herein and to generally set forth the terms and conditions whereby the City of Rocky Mount will contract with the selected firm. The Request for Qualifications packet submitted, and possible subsequent interviews shall serve as the basis for selection. The information provided in the RFQu package from the City is intended to give information to the prospective firms concerning the required services and the basis for awarding of the agreement for engineering services. It is not necessarily intended to completely define the selection criteria or contractual relationship to be entered into by the City of Rocky Mount and the successful firm(s).

The contracted services may include but are not limited to the work plan approach outlined in section 3 of this RFQu.

The contractor will serve as lead in all **highlighted** areas of section 3. The P&R Department will provide considerable assistance in all non-highlighted areas. The P&R Department will provide guidance and assistance in the marketing or solicitation of meetings. All meetings must yield physical documentation of stakeholder group or individual Ward 5 resident recreational needs. Meetings must be individual participant focused (not what an individual thinks someone else would enjoy).

All reports, documents, presentations, etc. must be supplied to the City as unlocked Microsoft Office files or similar software currently utilized by the City of Rocky Mount. This will enable the City to finalize the Park Plan for grant submission. This is non-negotiable.
